**Find out** about potential improvements in the area of Telegraph Road (Route 611) and Hayfield Road (Route 635) that aim to reduce congestion, improve operations and enhance pedestrian mobility. The improvements include adding a second northbound Telegraph Road lane through the intersection, Americans with Disabilities Act (ADA) curb ramp upgrades, reconfiguring southbound Telegraph Road just beyond Hayfield Road by converting the existing on-road parking to a second through lane, and converting the eastbound Hayfield Road through lane to a shared left-turn through lane. Additional options to be discussed include the potential widening of the footprint of Telegraph Road to the west or to the east in the area of the intersection, and upgrading and/or adding pedestrian facilities.

The meeting will be held as a **virtual/online meeting**. Information for accessing and participating in the virtual meeting is available at **<https://www.virginiadot.org/TelegraphatHayfield>**. The project team will make a short presentation beginning at 7 p.m. and answer questions for about an hour after the presentation.
